SCOTTISH

Lùth Ìomhaighachd

Anns a' mhargadh na làithean seo, cha mhòr nach cluinnear am facal lùth-èifeachdas air a chur ri pròiseact sam bith. Fiù 's ged a tha sibh a' cleachdadh na h-uinneagan agus na dorsan as fheàrr, faodaidh sibh fhathast lùths air a chall ann an oiseanan eile na dachaighe.

Le ar seirbheisean deuchainnean chì sibh na cùisean eile a tha agaibh.

Thoir ionsulaideadh dona, beàrnan timcheall pìoban agus às-sruthan, taiseachd drùidhteach agus cùisean eile am beachd nach eil an stàladh dorsan agus uinneagan ag obrachadh mar bu choir.

Tha Ìomhaigheachd tearmach air a dhèanamh le camara fo-dhearg, agus seallaidh e gu soilleir far a bheil teas air teicheadh.

Tha mòran àitean ann an dachaigh far a bheil lùth gu leòir air a chall, a bharrachd air na h-uinneagan agus dorsan.

Bheir sinn dìomhair ro-cheannach "Sgrùdaidhean Tearmach & Sgrùdaidhean Taiseachd". Tha sinn stèidhichte ann an Nelson ach a' siubhal na sgìre.

In today's market place energy efficiency is a buzz word for almost any project. Even if you put in the best windows and doors, you can still be losing the energy battle in other areas of the home. Through our testing services you can see what other issues you may be having. Bad insulation, gaps around pipes and outlets, moisture penetration and other issues can make your door and window installation look like it is not performing to expectations. Thermal Imaging is performed with an infra-red heat sensitive camera that clearly shows areas where heat is escaping. There are many areas of a home that lose vast amounts of energy besides the windows and doors. We provide confidential pre-purchase "Thermal Inspections & Moisture Surveys" and are based in Nelson but travel the region.
